Mr Benedict Turner

Benedict Turner is a Trade and Markets Reporter at Cotlook Ltd, publishers of Cotton Outlook and the Cotlook 'A' Index. Prior to joining Cotlook in April 2024, Benedict was a PhD student at the University of California, Irvine, where he studied the effects of computing and data technologies on governance, politics, and society. He has particular expertise in the myriad difficulties that arise when complex phenomena are classified, categorised, stored, and analysed in databases and schema — a set of skills that has been well used since joining the cotton industry.
